Food Allergy Disclaimer
University of Illinois Dining Services makes every attempt to identify ingredients that may cause allergic reactions for those with food allergies. Every effort is made to instruct our food production staff on the severity of food allergies. In addition, we label items with possible allergen-containing ingredients; however, there is always a risk of contamination. There is also a possibility that manufacturers of the commercial foods we use could change the formulation at any time, without notice. Customers concerned with food allergies need to be aware of this risk. Dining Services will not assume any liability for adverse reactions to foods consumed, or items one may come in contact with while eating at any University establishments. Students with food allergies are encouraged to contact Dining Services at 217-244-5800 and/or the Dietitian at nutrition@housing.illinois.edu or 217-244-1486 for additional information and/or support.
